

LOCAL.

YESTERDAY was the shortest day.

A SHORT session is anticipated at Regina.

ALL parties seem busy preparing for Christmas.

THE Town Clerk has removed his office to the Fire Hall.

THE telegraph line between here and Calgary is down.

DR. LAFFERTY of Calgary is expected in by to-night's train.

SMALL-POX is prevalent in many of the small towns in Washington.

W. R. Lindsay, of Calgary, has rented part of Fielders' warehouse.

No word can be got of the train, the telegraph line being down.

PEOPLE ought to be able to keep warm this winter seeing coal is so cheap.

THE close season for partridges and chickens commences on 1st January, 1893.

BILLIARD players will be glad to hear that the Jasper House table has been recovered.

COAL is being delivered in town by one miner for \$2 a load—others offer to deliver at \$2.35.

THE snow storm we had at the end of last week was general along the line south and more severe.

ALL SAINTS' church is being very tastefully decorated with evergreens by a few of the congregation.

DR. AND MRS. ROYAL leave by to-morrow's train for a trip to the east. They expect to be away about a fortnight.

FORTY below zero this morning, yet perfectly calm. What like a night would it have been in the south when they have such winds.

MRS. and Miss Ross and Mrs. Forbes, of Fort Saskatchewan, left by last Saturday's train on a three months' trip to Montreal and Ottawa.

JUDGE ROULEAU will leave by to-morrow's train if it comes in to-night. Should it not come in, he will take on some cases to-morrow at court.

SAM MORAN has received the contract to supply the fire hall with coal at \$1.20 a ton, and two other tenders were in, one for \$1.25, the other \$1.30.

THERE seems to be very little stir in town with regard to municipal elections. Tuesday will be nomination day, and first Tuesday after New Year, election day.

THE Methodist Sunday school will unite with the South Edmonton school in their Christmas tree on Friday evening, teams will leave Edmonton Methodist church at 6 o'clock to convey the children over.

THE gymnasium meeting proved a failure on Tuesday, probably on account of its being the opening night of the skating rink. So the prospect of a public gymnasium has fallen through as most sports do in Edmonton.

SEVERAL merchants in town are sending out calendars this year. We have received F. D. Fortin's, entitled "The tower of refuge," which represents three children taking shelter from a rain storm in a hollow tree, and is very nicely got up.

No new names seem to have been brought forward for Mayor and Councillors yet. It is believed Mayor McCauley will be re-elected without opposition, Councillors Carey and Daly intimate they will not stand at the coming election.

THE preparations for Christmas dinner seem to take about a week, yet the dinner only lasts about one hour.

THE skating rink opened on Tuesday night with a very large attendance. The ice was by no means perfect, but will be improved each night. The fire brigade band added considerably to the enjoyment. Skating is one of the few popular exercises we have in Edmonton to judge from the amount of interest displayed.

THE Regina Leader has stopped its semi-weekly issue. When the BULLETIN began publishing twice a week the Leader spoke of it as the result of its example. Its example will not be followed in this case. The BULLETIN is not as previous as some papers, but as a stayer it is unsurpassed. It may sometimes only fill second place, but it never takes the back track.

Geo. White and Clem. Austin have signed articles to fight eight rounds, Marquis of Queensbury rules, for \$100 a side and the gate receipts, on the 23rd of December, in Calgary.

MOOSOMIN is now on the eve of a coal famine notwithstanding the fact that four of their citizens are in the coal business who claim to have a number of cars on the road to that place. It is very difficult to find out what the cause of the delay is.

THE first marketable tea ever produced in the United States was brought to Baltimore last week by Chas. A. Shepard, of Summerfield, S. C., who grew and cured the plant on his farm. The tea was tested and pronounced to be equal to the best high grade English breakfast tea.

THE first drawing-room of the London season will be held by the Queen the third week in March, and already fashionable dames are worrying over the awkwardness of Lord Roseberry being a widower. It is customary for the foreign minister's wife to present the ladies in the diplomatic circle, but some one else will have to be charged with the duty, unless Lord Roseberry should marry again, which is not improbable, and the selection will doubtless cause a good deal of heart burning.

THE binder twine combine in the United States has already announced its prices for next season. These prices are from 1/4c. to 1 1/4c. lower than last year, the greater proportionate reduction being made on manilla twines, which are the more expensive kinds. Sisal, which is used in binder twine to a considerable extent, is costing high, and consequently the reduction for sisal twines is not so great. In Canada binder twine will no doubt also be cheaper next season, partly in sympathy with condition in the States.

THE President of the United States in the estimation of his subjects, is the most exalted personage on earth. Yet the World's Fair directors are willing to pass him over, and get the Queen of England's servant, Mr. Gladstone, to take the place of honor at the formal opening next May. This is enough to excite a suspicion that the Presidents subjects are not sincere in their professions. But they need not trouble about Mr. Gladstone. Next May he will be having other fish to fry. Parliament will then be in session, and Mr. Gladstone will be in the midst of his home rule fight. Glad as he might be to accept the invitation and the high honor that goes with it, he would not desert the field of battle at the critical moment of the greatest engagement of his life for a dozen World's Fairs.—Free Press.

A CHARACTERISTIC EPISTLE.

There is evidently a "komical cuss" residing at Whitewood, N. W. T. Two or three days ago Mr. Fred Toller, comptroller of Dominion currency, received a letter from Mr. John Hawkes, of that town, enclosing a Dominion four-dollar bill in a very dilapidated condition. Accompanying the bank note was the following explanatory epistle: "I enclose a much torn, but perfect, note (four dollars) of your bank, which has come to me in the ordinary way of business. I think it about time this veteran was retired from active service, war-worn, scorched, weather-beaten, mutilated, yet good as ever; let him rest on his laurels.

I am an old four-dollar note
(Considerably chewed up and torn)
Returned from Whitewood town remote
Back to the bank where I was born.
I know I've done my duty well,
I've paid for many a horn of rye,
I've helped the merchant buy and sell,
And sometimes wiped the widow's eye.
Handle me gently, 'cause I'm tore,
Don't fix me with that glassy eye;
I feel my changeful life is o'er—
This poor old Bill's come home to die.
"Please send me a new note."

In a postscript Mr. Hawkes says:

"If you think the lines worth publishing give them to some Ottawa press man. It will be a little advertisement for the country, and show we are not absolute savages. We've got to advertise our country. If we could only haul it around it would advertise itself, but the freight's an obstacle."

NORTHWEST ASSEMBLY.

REGINA, December 14th, 1892.

Davidson introduced a bill respecting the veterinary profession.

Dill moved for returns of government veterinaries' reports.

Cayley moved, seconded by McKay, that Jas. Clinkskill be deputy-speaker. He spoke at length on Clinkskill's merits and asked for a non party vote on the motion.

Wilkins moved in amendment that Wm. Sutherland be deputy-speaker.

Page seconded the motion because he could see no good reason for replacing the gentleman who had acted acceptably to the whole house for two years as deputy-speaker by another. He would expect those who voted for him at last session for the higher office of speaker to support him now for the deputy speakership.

The amendment was carried on the following division: Yeas—Knowling, Dill, Insinger, Page, Mitchell, Haultain, Tweed, Neff, Oliver, Wilkins, Campbell, Jelly, Magrath—13. Nays—Betts, McKay, Myers, Brett, Mowatt, Prince, Cayley, Lineham, Davidson, Boucher—10.

Mowat's bill amending and consolidating the dental ordinance passed the committee. Also Wilkins' bill to reduce the age of bulls allowed to run at large from a year and a-half to six months. Also Haultain's bill respecting tree planting, and Dill's bill respecting public property.

The school bill was taken into committee and good progress made with it, there being no important amendments.

Haultain made the usual motion regarding night sessions and the house sits to-night to continue work on school bill.

A REPLY TO AN IMPORTANT QUESTION

Which is the best and cheapest Dry Goods Store in Town? is the question now frequently asked by the Settlers, who have recently arrived in this district. In answer to this important question, I would respectfully but emphatically reply, the

MANCHESTER HOUSE.

Dealing as I do almost exclusively in Dry Goods, I have always on hand a larger and better assorted stock than any house in Town. Prices too are cut so fine, that it is frequently remarked by those who seek quotations, "Why, you are selling as cheap as they do down east, and in fact in some cases cheaper."

Many of the lines have been personally selected in the best English Markets.

IN LADIES' MEN'S AND CHILDREN'S DEPARTMENTS

CANADIAN FISHERIES.

In our issue of Monday last we mentioned that several nets had been seized by the government officials at Pigion lake. The government regulations and restrictions are not only felt here as may be seen from what the Commercial says:

"A good deal of complaint has come from the fishermen of Manitoba, on account of the government regulations and restrictions upon fishing. The fishermen along the border lakes and rivers have also been making many complaints of official restriction. The fishermen along the border lakes and rivers appear, however to have greater reason to complain than those of Manitoba. In this province the fishing grounds are all in Canadian territory, while in the case of the lakes and rivers along the boundary, the Canadian fisherman have been hampered by all sorts of restrictions, while United States fisherman in the same waters have been allowed full liberty to do about as they pleased on their side of the lakes and rivers. Thus while our fishermen have been hampered by numerous restrictions, and compelled at certain seasons to stop fishing entirely, the fishermen on the other side have been raking in the fish." A Windsor, Ontario, paper, discussing the subject says:

"On the Detroit river the fishing interest has been destroyed. The only season of the year when whitefish can be caught there has been declared a close season on the Canadian side, while the American fishermen, chuckling in their sleeves, go on catching fish that should have been caught on this side. The monumental ignorance and incapacity of the department at Ottawa are depressing."

As a result of the trip some months ago of the Canadian ministers at Washington, it was arranged that an international commission should be appointed, to consider means of taking joint action to protect the fisheries in the border waters. This is what should have been done long ago. It seems a senseless thing to have hampered Canadian fishermen the way they have been, for the benefit of the United States citizens engaged in the same industry. There is nothing to prevent the fish passing from one side of the lakes and rivers to the other. While it is no doubt well to have reasonable restrictions to protect the fish, the same regulations should be enforced on each side. It is certainly very exasperating to have our fishermen laboring under severe restrictions, while United States fishermen were free from all restraint.

"Professor" Parker has been making Winnipeg his headquarters for some months, pursuing his business of selling pens at provincial points, hitherto without molestation. Last week armed with a \$100 license as a "transient trader" he commenced operation at 612 Main street, Winnipeg, and his sale of patent pens, providing to each purchaser the chance of a prize, attracted a large number of people. At the conclusion of the sale, which was varied by an entertainment of banjo playing, songs and story telling, the police intimated to the professor that his presence would be required in James street next morning. The summons accuses him of contravention of a Dominion statute (chap. 159) which prohibits lotteries, etc.

GENERAL NEWS.

James Gillies, of Port Arthur, is supposed to have been drowned in the bay while skating.

Fred. Leslie, the well-known and popular actor, died recently of typhoid fever in London, England.

Axel Anderson, who consumed daily seven and eight packs of cigarettes, fell dead on the streets of Chicago recently.

Lord Dunraven's challenge to sail for the American Cup has been unconditionally accepted by the New York Yacht Club.

The Manitoba Free Press is strongly opposed to the rumored appointment of Hon. John Carling to the lieutenant-governorship of Manitoba.

The delay in filing the Gould will for probate is causing some speculation in Wall street circles. It is hinted that there is a defect in the great document.

South Dakota, Northern Nebraska and Western Iowa are just now suffering from a coal famine. The railroads are blocked with snow and the weather terrible.

Fred. Marvin, of Spokane, ex-secretary of the Washington Farmers' Insurance Company has been arrested for embezzlement, and his father, W. R. Marvin, reputed to be a millionaire, gave a \$20,000 bond for his appearance. Marvin was suspected some time ago and the secretary of state was sent for and an expert employed. The charge against Marvin is for taking \$2,800. Many notes and securities are also missing. The culprit is a brother-in-law of attorney-general Jones.

The perseverance with which American hysteria knocks at the door of the English prison in which Mrs. Maybrick is confined is no doubt very fine from the American view of decency, but it is cruel to the relatives of the unfortunate woman and insulting to the sense of British justice. If Mrs. Maybrick's crime had been committed in the United States she would probably be to-day one of the most famous personalities in the "continent to which we belong." Far be it from us to affect levity over the punishment of so grave a crime as she has been convicted of, but it is impossible to overlook the logical conclusion of the policy which the fanatical humanitarians of the modern Yankee stamp points to.—Toronto Empire.

Arthur Grubb living at Rushville, Ont. received a "green goods" circular and decided to invest. He went to Lancaster, borrowed \$900 from the bank, and started for New York. He found the swindlers and made a bargain where by he was to receive \$3,000 for his \$900. As is well known the game of these sharpers is to count out good money and afterwards make a change by which the victim receives only a package of only worthless paper. The first part of this scheme was carried out and the money placed in Grubb's valise; thereupon he picked it up, the gang following and trying all sorts of schemes to regain possession of the valuable "grip." Grubb got the valise and contents to Rushville in safety however. He at once repaid the Lancaster bank the \$900 he had borrowed. Then he secreted the remaining \$2,100 in a trunk at his own home, on looking for his treasure the trunk had been forced open and the money was missing. The supposition is that the swindlers followed Grubb all the way from New York to recover their money.

EDMONTON BRICK COMPANY.

Have purchased their Brick Machinery to be shipped at once, the machinery is of the latest improved make and will turn out the finest kind of pressed brick, the brick will be considerably larger in size than the usual brick so the purchaser may count on the saving of one thousand in every ten, also less time and labor required. The price will be \$10.00 per thousand delivered inside the city limits in large quantities. We will have brick ready for sale about the 1st, of May next. Any person requiring brick early it would be to their advantage to give their orders as soon as possible. We guarantee our brick 1st class and to fill all orders after May 1st, next.

MESSRS LITTLE & MALONEY,
PROPRIETORS.

BRICK! BRICK! YES BRICK.

Having attained the reputation of making the best brick in the Territories I will make it a point to continue to lead in that line; while thanking the building community of Edmonton and vicinity for their kind patronage in the past would invite their inspection of my work and prices in the future. Do not be deluded by parties who claim to make a pressed brick with a sand stock machine, or produce them in May in this country; it cannot be done. Pressed brick sell in the cities of Canada and the Eastern states for \$20.00 and upward per thousand and can't be sold or made here for any \$10.00. I set up no claim to such liberality, but can produce a good brick in July for \$8.00; August, \$7.00, September, \$6.00, and in large quantities. Parties requiring brick late or early in the season will find it to their advantage to examine what they are buying, before placing their orders.

NORTHWEST ASSEMBLY.

REGINA, December 15th, 1892.

Routine business to-day.

The election bill occupied most of the time in committee of the whole. Its consideration will be continued to-night.

The Haultain committee were received by the lieutenant-governor to-day and their control of finances conceded. Working details are being arranged.

J. A. M. Aikens, of the C. P. R., J. H. Munson, of the C. & E., and W. R. Baker, of the Manitoba Northwestern, were in Regina to advocate exemption of railways from school and municipal taxation. The C. P. R. is exempt, but the Manitoba Northwestern, the Regina & Prince Albert and the C. & E. are liable. Haultain's bill now before the assembly assesses the land occupied at the acreage value of the land in the locality, and also assesses the buildings on the land, but exempts the roadbed ties and rails. Baker wants complete exemption. The house appears to be in favor of exempting roadbed, ties and rails, but will not exempt land or buildings. Some members decline to exempt ties and rails. The deputation will be heard informally by the members of the house to-morrow morning.

Jas. Reilly, of Calgary, is here on World's Fair business.

GENERAL NEWS.

The exact amount of property mentioned in Gould's will is \$72,000,000.

British imports from Canada reached £10,000,000 sterling for the eleven months ending November 30th. This is an increase of £1,750,000, despite the fact that live stock imports from Canada decreased. The imports of Canadian cheese, butter and lumber were largely increased.

Alexander Brown's warehouses at Bond and James streets, Baltimore, and 16,000 bales of cotton stored therein were destroyed by fire on the 16th inst. entailing a loss of \$500,000. The fire damage will reach, it is believed, about \$700,000, and loss is covered by insurance. How the conflagration started has not yet been ascertained, although the origin of the flames is attributed to spontaneous combustion.

The London, England, Morning Post says that Mrs. Langtry has offered a reward of £50 for information as to the authorship of an unpleasant story about herself. She was the heroine, the story has it, of a disreputable scene at supper at the Savoy Hotel, when it is alleged that she threw butter at a number of gentlemen, and that she was requested to finish the meal in a private room and then quit the hotel.
